The Leading Publication Serving
UTILITY SAFETY & OPERATIONS DECISION-MAKERS
Reach more than 18,000 Utility Safety Professionals

Primary Job Function of iP Readers:
All readers have utility safety responsibilities, with most having direct safety titles. iP is the leading safety publication that has its focus on the utility safety job function.

When Safeguard Equipment launched Compass: Personal Voltage and Current Detector, it had to quickly determine an effective marketing strategy. We tried multiple magazines — only to find that IP Magazine over delivered and outshined expectations by consistently providing us with a positive return on our investment. Not only has their distribution been effective, but their management team has been a tremendous help. Safeguard Equipment looks forward to growing this relationship as we continue to provide innovative solutions. — Brandon Bleisig, Safeguard Equipment

Markets Reached by iP Include:
- Electric/Gas Utilities 46.7%
- Utility Contractors 23.3%
- Educators/Consultants 7.2%
- Municipalities/Public Works 7.1%

The demand for BigFoot Outrigger Pads is growing! Our products are high quality and the combination of our marketing efforts in Incident Prevention and Utility Fleet Professional magazines has really paid off. I’m proud Bigfoot is able to advertise in these publications and support the valuable information they provide to the utility industry.
